*This is a “Travel like the locals” tour. The tours use public transport, i.e. regular buses, ferries and boats, but we have done the planning for you so that you can concentrate on enjoying your trip. You travel on your own - there is no guide or tour leader. On most of our tours you must change several times between different buses/ferries/boats, and it is up to you to make sure you catch your connections – truly travelling like a local! (The tours are set up so that the buses, ferries and boats connect.)*

## Round trip to Ona island in the Atlantic Ocean

### Molde – Ona - Molde

This round trip takes you to Ona – a tiny island community out in the ocean. The trip starts in Molde by bus (and a short ferry trip) to Aukra and Småge ferry harbor, where the ferry to Ona starts.

The ferry to Ona goes via the island Orten, Finnøya and Sandøya before reaching Ona. Passengers to Ona should stay on the ferry during the short stays at the other islands.

Ona is Norway’s southernmost traditional fishing village and has a permanent population of approx. 25. The island also has a ceramics workshop and a small kiosk/shop. In the summer (typically June - August), there’s a café and possibilities for overnight stays.

On “Onakalven”, the island highest point, you find Ona lighthouse. From the lighthouse, you have a magnificent view of the ocean and towards the mainland.

Ona is a tranquil place where you can thoroughly enjoy the peace and quiet!

The trip to Ona is as fantastic in the summer as in the winter. Remember, though, that the island is located out in the ocean and the weather conditions can be harsh. Therefore, it is important to bring warm clothes and windproof clothes.

If you go there outside of the peak season in the summer, we recommend bringing some food and drinks as well, as the island’s shop has a limited offering.

Departure from: Molde bus terminal, track 4
