*This is a "Travel like the locals" tour. The tours use public transport, i.e. regular buses, ferries and boats, but we have done the planning for you so that you can concentrate on enjoying your trip. You travel on your own - there is no guide or tour leader. On most of our tours you must change several times between different buses/ferries/boats, and it is up to you to make sure you catch your connections – truly travelling like a local! (The tours are set up so that the buses, ferries and boats connect.)*

## Round trip to Bud fishing village

Molde – Bud - Molde

Less than an hour from Molde, situated on the ocean's edge, you find the small fishing village of Bud.

In the 16th and 17th century, Bud was the biggest trading post between Bergen and Trondheim. Today, Bud is still an active and charming fishing village.

In Bud you can enjoy the sight of beautiful boathouses, visit some of the small shops or one of the cafés or restaurants.

You may also visit Bud Coastal Museum. Bud Coastal Museum contains the Ergan Coastal fort - a German built WW2 coastal fort, which today is a war memorial museum, and the Coastal Culture Centre, which is an exhibition about the cultural history, marine biology and maritime archaeology from Bud and the region.

You can buy entrance tickets to Bud Coastal Museum on the web site for Romsdalsmuseet ([romsdalsmuseet.no](http://romsdalsmuseet.no)).

Ergan also has exceptional views over the fishing village of Bud and the waters of Hustadvika.

Another great possibility in Bud is to take a walk along "Kyststien" (the coastal path). This path goes mainly along the sea front and takes you through Bud and along the coast with a fantastic view to the great ocean. The estimated time to complete the path is 45 minutes (7 kilometers).

If you go on the earliest trip of the day (see timetable below), you have a little time in Elnesvågen on your way back. This is another little village with some quite nice shops and other services.

Departure from: Molde bus terminal, track 6
